

# Exciting Career Opportunity with one of Ireland's leading Food Companies

## The Role:

To facilitate the continuing growth and development of our business we are seeking to appoint a Quality Control Technician to join our existing team. Based in our facility in Navan, Co. Meath, this is an excellent opportunity for the right candidate to develop their career in an established and very successful food processing company.

## Key Responsibilities:

- Carry out GMP Audits and identify non conformances and areas for improvement and manage corrective action requirements.
- Monitor completion of paperwork by production to ensure all checks are being carried out according to procedures. Complete all Quality records and necessary documentation.
- Carry out microbiological and chemical sampling of product and environment for analysis by laboratory.
- Monitor activities in Goods In and Production areas to ensure correct standards are adhered to. Complete traceability exercises for customers as requests are made.
- Participate in site visits and audits.
- General administration duties within the Quality Department.

## The Candidate

The successful candidate must have relevant experience in a similar role with specific reference to the following:

- Previous experience maintaining quality systems and improving checks and systems. Experience of BRC, retailer and ISO standards.
- Demonstrate an energetic, self-motivated and flexible approach in all matters. Strong IT skills are essential and experience of Microsoft Navision an advantage. Excellent communication and presentation skills.
- Be efficient and highly organised.
- Direct meat experience would be advantageous.
- The ability to work on own initiative and be self organised and disciplined

## The Salary

The remuneration package on offer will reflect the importance of the role and the experience of the successful candidate.

If you are interested in a career with a progressive, innovative Irish food company and if you feel that you have the experience and competencies consistent with the demands of this position please forward your CV and a cover note detailing the position you are applying for:
