

Maintenance (Electrical) Opportunity With Leading Food Company

Electrical Apprenticeship Programme

The Company

Irish Country Meats was established in 1992 and is the specialist sheepmeat company of the ABP Food Group and the largest sheepmeat processor on the island of Ireland, with state-of-the-art production facilities in Camolin, Co. Wexford and Navan, Co. Meath.

Irish Country Meats are looking for an enthusiastic and self-motivated individual to join our team as an Apprentice Maintenance Electrician. The role will involve plant and machinery installation, preventative maintenance, repairs and problem solving. As an apprentice electrician you will be required to develop core skills in the areas outlined above by undertaking the required 4-year training programme, which will involve both classroom and on the job training. The successful candidate will have the following attributes:

- A good attitude to work and a keen interest in maintenance electrics
- Able to work as part of a team and on one's own initiative when required
- Able to follow instructions and communicate actions clearly
- Have good verbal, written and numerical skills
- Ability to work within all aspects of health & safety requirements at all times
- An ambition to learn new skills and competencies and the desire to develop these throughout the training programme

Please note that this is a Training position of 4-year duration, during which time the successful candidate will be required to:

- Register with SOLAS.
- Attend block release with SOLAS as required.
- Successfully complete relevant Trade exams (Mechanical Electrician).
- Achieve the required standard of performance throughout the apprenticeship.

Job Types: Full-time, Apprenticeship

Benefits:

- Bike to work scheme
- Employee assistance program
- On-site parking
- Wellness program

Education:

- Leaving Certificate (preferred)
